- 4.4. The audit report shall be discussed with the auditee as well as management of and corrective action instituted where identified.

5. PROCEDURE:

5.1. Courier Facilities

- 5.1.1. The AR (or appointee) must make an appointment with the courier service to perform an inspection at least once every second year, at the facility of the courier service.
- 5.1.2. A copy of the "Courier Audit Report" must be used to record observations and findings.
Refer to Attachments 6.3
- 5.1.3. The completed form must be placed on file for reference.
- 5.1.4. Any aspects not conforming must be addressed and a follow-up investigation performed to ensure corrective action is instituted.
- 5.1.5. A Service Level Agreement must be in place between the courier and stating where all responsibilities lie.

5.2. Transportation and Products in Transit – courier.

The transportation process should not compromise the integrity and quality of the Cannabis Products.

- 5.2.1. Delivery of Cannabis products requiring controlled temperatures should be in accordance with the applicable storage and transport conditions.
- 5.2.2. A courier inspection report will be completed by a general worker when goods are received or despatched. Refer to **Attachment 6.4**
- 5.2.3. Freight forwarders and courier companies are not licensed by the South African Health Products Regulatory Authority and therefore Cannabis products should not be stored in the local sorting or consolidation hubs for extended periods.
- 5.2.4. Delivery schedules should be established, and routes planned, taking local needs and conditions into account. Such schedules and plans should be realistic and systematic.

PROCEDURE FOR TRAINING IN SOP AND OTHER RELEVANT ASPECTS

SOP No:	2-LEG-011	Effective Date:	2020-03-01
Revision No:	1	Supersedes:	N/A
Revise By:	2022-03-01		

- 5.1.1. "Authorisation of" and "Checking of" all original MASTER versions of SOP's must be correctly signed.
- 5.1.2. No unauthorised copies of SOP's may be made or circulated. Authorisation must be obtained from the AR or designated controlling officer for SOP's if a copy is required.
- 5.1.3. The "Effective Date" indicates the latest revision in circulation. The current revision must be cross-referenced on the specific SOP "Lead Page" to ensure that the latest updated revision is in circulation, as this page gives the current update history of the SOP.
- 5.1.4. The SOP number as indicated on each page is the number corresponding to the SOP number in the index of SOP's.
- 5.1.5. When any employee uses a SOP, the person must ensure that all the pages are in their possession by checking vs. the sequential page numbering, e.g. Page "1 of 4" must consist of a SOP of 4 pages.
- 5.1.6. Each SOP may have "Attachments". These Attachments' original "Masters" are never written on. A copy must be made of any specific page and then clearly marked "Certified Copy", and this copied page is used for recording data.
- 5.1.7. No unauthorised changes may be made on any SOP. No correction fluid (e.g. Tippex) may be used. If any changes are required, these must be made according to correct procedure.
Refer to SOP - PROCEDURE FOR CREATION AND UPDATING OF STANDARD OPERATING PROCEDURES-1-DOC-001
- 5.1.8. The master SOP has a blank space (no number) against "COPY NO:" Official copies of SOP's for circulation must be allocated a copy number before being circulated, according to a list that must be kept of each department/section's SOP's copy numbers.
- 5.1.9. Any unauthorised copies of SOP's must immediately be returned to the AR or Document Controller (DC) for authorisation or to be destroyed.

LIST OF ABBREVIATIONS

GMP	Good Manufacturing Practice
GSP	Good Storage Practice
QMS	Quality Management System
GAP	Good Agricultural Practice
AR	Authorised Representative
SOP	Standard Operating Procedure

1. OBJECTIVE:

Personnel will receive induction training and continuing training will be given to ensure compliance with legal requirements and operational processes involving the cultivation, processing, storage and sale of medicinal cannabis.

2. SCOPE:

This SOP pertains to all personnel employed at ILCO Farming (Pty) Ltd. to ensure quality is maintained throughout the life cycle of the product. Sub-contractors working on site at ILCO Farming (Pty) Ltd. will receive relevant training where necessary.

3. RESPONSIBILITY:

AR	Authorised Representative
FM	Facility Manager

4. POLICY:

4.1 All personnel will be trained in-house or by external companies depending on the requirements.

4.2 New Personnel will be trained upon employment.

4.3 In-house training will be provided for all existing and new Personnel on Good Storage Practice (GSP) and Good Agricultural Practice (GAP) as well as on the relevant Standard Operating Procedures pertaining to their job function.

4.4 Existing Personnel will be retrained when:

4.4.1 Amendments are made to existing procedures.

4.4.2 New procedures are implemented.

4.4.3 When management deems it necessary.

5. PROCEDURE:

- 5.1** All personnel will be trained in-house or by external companies depending on the requirements. In-house training will be conducted by the Authorised Representative or designee.
- 5.2** The AR will identify the training required for each employee and complete this in the Training Register per employee - see Attachment 6.3.
- 5.3** Induction training will include basic training on the theory and practice of the QMS, GSP, GAP and GMP aspects included in the relevant SOPs.
- 5.3.1** Security processes will be included.
- 5.4** Existing personnel will be trained when:
- 5.4.1** Amendments are made to existing procedures.
- 5.4.2** New procedures are implemented.
- 5.4.3** When management deems it necessary.
- 5.5** Visitors or untrained personnel will not be permitted into the cultivation or processing facilities unless they have been given information particularly regarding personal hygiene, prescribed protective clothing and security aspects at a minimum. They will always be accompanied by the AR or a person delegated by the AR.
- 5.6** A zero (0) will be captured in the Training Register under the name of each person and against the relevant SOP that he/she requires training on.
- 5.7** Personnel at ILCO Farming (Pty) Ltd. will receive training on the following SOPs pertaining to their job function:
- Document Handling
 - Legal Matters Compliance
 - Facility and Product Handling
 - Cannabis Cultivation
 - Security
 - Good Manufacturing Practice (for extraction sites)
- 5.8** The AR or designee who conducts the training will ensure that the personnel complete the Attendance Register for each session – refer to Attachment 6.4.
- 5.9** All Personnel will be assessed by the AR following each training session and results will be captured in the Training Register.
- 5.10** If an employee is not deemed competent (competent being defined as a score of not less than 90% in an oral or written assessment) after the first assessment, retraining will take place.
