SOP Standard Operating Procedure

1. OBJECTIVE:

This SOP describes the conditions of employment that ILCO Farming must comply with and all legal requirements relevant to the activities involved.

2. SCOPE:

This SOP is a mandatory document and shall be implemented by all employees and contractors employed by ILCO Farming.

3. RESPONSIBILITY:

Authorised Representative (AR).
Director
Chief Financial Officer
Human Resources

4. POLICY:

- 4.1. ILCO Farming wages must equal or exceed the minimum wage required by law or the prevailing industry wage, whichever is higher, and legally mandated benefits must be provided. In addition to compensation for regular working hours, employees must be compensated for overtime hours at the rate legally required in the country of manufacture or, in those countries where such laws do not exist, at a rate exceeding the regular hourly compensation rate. Wages are essential for meeting the basic needs of employees and reasonable savings and expenditure.
- 4.2. Employees must not be required, except in extraordinary circumstances, to work more than 60 hours per week including overtime or the local legal requirement, whichever is less. Employees must be allowed at least 24 consecutive hours rest within every seven-day period, and must receive paid annual leave

- 4.3. Business partners must recognize and respect the right of employees to join and organize associations of their own choosing and to bargain collectively. Business partners must develop and fully implement mechanisms for resolving industrial disputes, including employee grievances, and ensure effective communication with employees and their representatives.
- 4.4. Employees must be treated with respect and dignity. No employee may be subjected to any physical, sexual, psychological or verbal harassment or abuse, or to fines or penalties as a disciplinary measure.
- 4.5. A safe and hygienic working environment must be provided, and occupational health and safety practices which prevent accidents and injury must be promoted. This includes protection from fire, accidents and toxic substances. Lighting, heating and ventilation systems must be adequate. Employees must have access at all times to sanitary facilities which should be adequate and clean. Business partners must have health and safety policies which are clearly communicated to employees. Where residential facilities are provided to employees, the same standards apply.
- 4.6. Business partners must make progressive improvement in environmental performance in their own operations and require the same of their partners, suppliers and subcontractors. This includes integrating principles of sustainability into business decisions; responsible use of natural resources; adoption of cleaner production and pollution prevention measures; and designing and developing products, materials and technologies according to the principles of sustainability.

5. PROCEDURE:

It is your responsibility to ensure that you understand this procedure before performing the following tasks. Contact the responsible person if you have any questions about this procedure.

Note: Deviations from this SOP are made in accordance with instructions by the Department of Health.

- 5.1. The Director/Authorised Representative will interview candidates when/if the need arises to do so.
- 5.2. All employment information referred to as the package or contract of employment will be discussed with the candidate if the interview was successful and ILCO Farming made the final

decision to do so. This includes the specific Job requirements and tasks that would need to be performed.

- 5.3. Once this has been accepted by the candidate, he/she will sign a Job Description letter, Letter of acceptance and letter of employment and the Director/AR will sign as witness. **Refer to files for Job Descriptions, Letter of Appointment and Letters of Acceptance.**
- 5.4. All employee information will then be filed, and Standard Operating Procedures will then be trained in house to make sure the candidate appointment will abide and understands the requirement set out by SAHPRA and the company policies.
- 5.5. Once the candidate deems to be competent, he/she will write tests based on these procedures and a mark of 80% or more must be achieved. Refer to SOP on **Training of Personnel-2-LEG-13**
- 5.6. The site manager and Authorised Representative will supervise the newly appointed employee and provide constant support until all procedures is carried out correctly. Ongoing supervision will then persist as to all employees employed in ILCO Farming.

4.2. The main responsibility of any drug regulatory authority is to ensure the quality, efficacy, and safety of all marketed products.

4.3. Any ADR report should have the following four main elements:

- Patient
- A drug
- An adverse reaction
- Composer/reporter of the report

4.4. A national reporting system for ADR's has been established and the South African Health Products Regulatory Authority (SAHPRA) provides a reporting form entitled "Adverse Drug Event and Product Quality Problem Report Form". These are obtainable from the SAHPRA's offices or "Form ARF1" (www.SAHPRAza.com).

5.4. The following procedure must be followed:

5.1. In cases where a medical professional (practitioner / pharmacist / veterinarian) or a patient / customer (the complainant) reports an ADR to the company telephonically or via a representative, the following steps must be followed:

5.1.1. The medical professional or complainant must be requested to complete the SAHPRA's "Adverse Drug Event and Product Quality Problem Report Form" and must return it to the AR as soon as possible.

Refer Attachment 6.3

5.1.2. This form must be handed to, faxed, e-mailed or posted to the medical professional or complainant reporting the ADR for completion.

5.1.3. The medical professional or complainant must then be informed that the AR will communicate a follow-up.

5.1.4. Management shall then discuss the report, and all the ramifications thereof.

5.1.5. The AR will in the case of a major event forward the completed form to the SAHPRA, who will in turn inform the National Adverse Drug Event Monitoring Centre in Cape Town. The AR may also inform the centre in Cape Town directly.

5.1.6. During office hours all urgent matters and information must be telephoned to the Department of Health at the centre in Cape Town.

3. QUALITY MANAGEMENT SYSTEM (QMS)

3.1 General Requirements:

ILCO FARMING will maintain a robust QMS for implementation at this site.

It will extend across the Product Lifecycle for each product type produced.

The QMS is based on SAHPRA Guidelines for GMP (4.01) and GWP (4.02), as published on the SAHPRA website.

The QMS is aligned with the PICS Guidelines (PE 009-14) as incorporated into the SAHPRA Guidelines. The AR is responsible for integration of all QMS procedures at the site. This Manual describes the framework of the policies, processes and systems that are necessary to ensure that the medicinal cannabis products are cultivated, processed, packed, stored and tested, in compliance with cGAP, cGSP, cGMP and in compliance with all security requirements for transport to the port of departure.

3.2 QMS Documentation Requirements:

ILCO FARMING will maintain the following documentation on a continual basis, to ensure adherence to the requirements of the QMS :

3.2.1. ILCO FARMING has adopted an approach to include 5 main areas in their quality system, which are:

- 1. Document Handling
- 2. Legal Compliance
- 3. Cannabis Cultivation
- 4. Facility Product Handling
- 5. Security

3.2.2. Each of the 5 areas has a set of SOPs relevant to each quality system. The list of SOPs is attached in Section 5.1. These SOPs describe the specific activities necessary to meet the requirements of the QMS. The first 6 files of the QMS master documentation, contain the hard copies of the set of SOPs.

3.2.3. The QMS will include procedures related to:

- Premises and Equipment
- Personnel
- Documentation
- Legal Matters Compliance
- Facility and Product Handling

3.2.4. Protocols for recording the raw data are either included as Attachments to these SOPs or are included in the set of QMS files as attached in Section 5.2. These form the Records and Reports that need to be retained for the Documentation Retention Time as per Site Policy. They are the raw data that is considered vital for data integrity principles. These master documents together with the hard copy of each completed document, are filed in File numbers 7 to 47 of the set of QMS files.

4. MANAGEMENT RESPONSIBILITIES

4.1 Management Commitment:

The Senior Management Team commits to ensure that there are sufficiently trained personnel on site, to effectively implement the QMS. The AR is responsible for ensuring that all personnel understand the reason for such a system and adhere to it. Written, approved procedures to execute, at a minimum, the following responsibilities are in place:

- 4.1.1. Approval or rejection of all starting materials, processing components or chemical containers and closures, in-process materials, packaging & labelling materials and finished products.
- 4.1.2. Review and approval of all procedures, specifications, protocols, final reports, batch records, investigations and deviations.

4.1.3. Compliance of all Contract Sites or Contract Acceptors, to implement the requirements of this QMS.

4.2 Customer Focus:

The Senior Management Team will conduct business in such a way as to honour the contractual agreement/s entered with their customer/s.

4.3 Quality Policy:

ILCO FARMING is committed to achieving quality compliance as follows:

"ILCO FARMING will ensure that all products and programs consistently meet or exceed regulatory and customer expectations. We will meet our commitment to quality through leadership and teamwork; through effective training of our employees; through adherence to applicable rules, regulations, policies and procedures; by providing a constant and consistent approach to quality improvement; by promoting technological innovation and continuous improvement initiatives".

4.4 Responsibility, Authority and Communication

4.4.1. The AR is ultimately responsible for all activities conducted at this Site. He/She may delegate certain activities to ILCO FARMING employees, who will receive a letter of delegations from the AR, stating what the responsibilities are. The delegated person will sign acceptance to reflect full understanding of the content of this delegation letter.

4.4.2. The AR remains the Authority accountable for this Site.

4.4.3. All communication with SAHPRA will be conducted by the AR. However other Site personnel may be in copy with this communication.
